

SAFEGUARDING POLICY AND PROCEDURE

1. Introduction

1.1 Halesowen College is passionate about safeguarding our students. “Schools and Colleges and their staff form part of the wider safeguarding system for children. This system is described in statutory guidance Working Together to Safeguard Children”. We believe that not only do we have a statutory duty to ensure that we safeguard and promote the welfare of children, young people and adults at risk of harm in our care, but also a moral duty. This policy focuses on how we recruit and train our staff, support our students and deal effectively with allegations against staff.

1.2 Throughout this policy and procedure, reference is made to “children and young people”. The term is used to mean those under the age of 18 years old. Safeguarding and promoting the welfare of children is defined as:-

Protecting children from maltreatment; preventing impairment of children’s health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centered. This means that they should consider, at all times, what is in the best interests of the child.

1.3 Reference is also made throughout to “adults at risk of harm”. Adults at risk of harm are defined as people aged 18 years old and over who may need or receive community care services by reason of mental health or other disability, age or illness and who may be unable to take care of themselves or protect themselves against significant harm or exploitation (No Secrets, Department of Health, March 2000). The procedure will be applied with appropriate adaptations to all students.

1.4 Reference to and awareness of issues around the safeguarding of looked after children is clear throughout. “The most common reason for children becoming looked after is as a result of abuse and/or neglect. Governing bodies should ensure that staff have the skills, knowledge and understanding necessary to keep looked after children safe”.

1.5 This policy has been developed with reference to:-

- The most recent version of Working Together to Safeguard Children (DfE)
- The most recent version of Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE)
- Dudley Safeguarding Board
- Guidance for Safer Working Practice for Adults who work with Children and Young People.

2. Governing Body Responsibilities

- 2.1 The Governing Body at Halesowen College abide by their responsibilities as outlined in keeping children safe in education. Governors also have specific responsibility for ensuring that the College monitors the impact of its work and learns lessons from Serious Case Reviews. As stated in Keeping Children Safe in Education (2016), “Governing bodies should ensure that there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children’s welfare”.
- 2.2 The Governing Body ensures that the College:-
- 2.2.1 Provides a safe environment for children, young people and adults at risk of harm to learn in.
 - 2.2.2 Identify those who are suffering or are likely to suffer significant harm or who are at risk of radicalisation.
 - 2.2.3 Take appropriate action to see that students are kept safe at College and also that disclosures of potential abuse occurring at home or elsewhere are reported appropriately.
 - 2.2.4 Report allegations of modern slavery and / or human trafficking in accordance with the Anti-Modern Day Slavery Statement and Policy.
 - 2.2.5 Have a system for identifying concerns in relation to abuse of adults at risk of harm and effective methods of responding to disclosures.
 - 2.2.6 Refer concerns that a child, young person or adult at risk of significant harm or might be at risk of significant harm to the appropriate referral agencies.
 - 2.2.7 Work effectively with others as required by “Working Together to Safeguard Children”.
 - 2.2.8 Listen to the voice of a child and always act in the interest of the child.
 - 2.2.9 Appoint a Designated Senior Person for child protection.
 - 2.2.10 Ensure appropriate safeguarding responses for children who go missing from College.
 - 2.2.11 Have safeguarding policies and procedures that are consistent with the local Safeguarding Children Board requirements, reviewed annually and made available to parents.
- 2.3 The Principal, Governors and all staff working with children, young people and adults at risk of harm will receive adequate training to familiarise them with their safeguarding roles and responsibilities. They will be familiar with College procedures and policies and receive refresher training at least every 3 years. A senior member of staff will co-ordinate child protection arrangements and will be the Designated Senior Person (DSP). They will be assisted by a Deputy Designated Person who will support and share responsibility for safeguarding.

- 2.4 The Governing Body nominates a member (normally the Chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the Principal.
- 2.5 The Nominated Governor for child protection is responsible for liaising with the Principal and Designated Senior Person over matters regarding child protection issues. The role is strategic rather than operational – they will not be involved in concerns about individual students.
- 2.6 Governing bodies should ensure that their safeguarding arrangements take into account the procedures and practice of the local authority as part of the inter-agency safeguarding procedures set up by the LSCB. This should include understanding and reflecting local protocols for assessment and the LSCB's threshold document along with supplying information as requested by the LSCB.

As part of meeting a child's needs, it is important for governing bodies and proprietors to recognize the importance of information sharing between professionals and local agencies.

3. Types of Abuse and Neglect

- 3.1 To ensure that our students are protected from harm, we need to understand what types of behavior constitute abuse and neglect. All College staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.
 - 3.1.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or more rarely, by others (for example via the internet). They may be abused by an adult or adults or another child or children.
 - 3.1.2 **Physical Abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.
 - 3.1.3 **Emotional Abuse:** emotional abuse is the persistent emotional maltreatment of a child or adult at risk of harm such as to cause severe and persistent adverse effects on their emotional development. It may involve conveying to them that they are worthless or unloved, inadequate or valued only in so far as they meet the needs of another person. It may include not giving them opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as over protection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying) causing children frequently to feel frightened or in danger or the exploitation or

corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

3.1.4 **Sexual Abuse:** Sexual abuse involves forcing or enticing a child, young person or adult at risk of harm to take part in sexual activities. It may not necessarily involve a high level of violence, whether or not the child or adult may not be aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities such as involving children in looking at or in the production of sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

3.1.5 **Neglect:** Neglect is the persistent failure to meet a child's basic, physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate caregivers)
- Ensure access to appropriate medical care or treatment

It may also be neglect or unresponsiveness to a child's basic emotional needs. This also applies to adults at risk of harm for whom neglect is an often under-reported or challenged concern.

3.1.6 **Forced Marriage:** This involves a young person or adult at risk of harm being forced into a marriage against their will.

3.1.7 **Child Sexual Exploitation:** Child sexual exploitation (CSE) is a form of sexual abuse that involves the manipulation and/or coercion of young people under the age of 18 into sexual activity in exchange for things such as money, gifts, accommodation, affection or status. The manipulation or 'grooming' process involves befriending children, gaining their trust and often feeding them drugs and alcohol, sometimes over a long period of time before the abuse begins. The abusive relationship between victim and perpetrator involves an imbalance of power which limits the victim's options. It is a form of abuse which is often misunderstood by victims and outsiders as consensual. Although it is true that the victim can be tricked into believing they are in a loving relationship, no child under the age of 18 can ever consent to being abused or exploited (Barnardos, 2012).

3.1.8 **Children who Run Away or who are Missing from Home:** There are no exact figures for the number of children who go missing or run away, but estimates suggest that the figure is in the region of 100,000 per year. Children may run away from a problem, such as abuse or neglect at home or to somewhere they want to be. They may have been coerced to run

away by someone else. Whatever the reason, it is thought that approximately 25 per cent of children and young people that go missing are at risk of serious harm. There are particular concerns about the links between children running away and the risks of sexual exploitation. Missing children may also be vulnerable to other forms of exploitation, to violent crime, gang exploitation or to drug and alcohol abuse.

Although looked after children are particularly vulnerable when they go missing, the majority of children who go missing are not looked after and go missing from their family home. They can face the same risks as a child missing from local authority care.

3.1.9 **Domestic Violence:** The Home Office defines domestic violence as “any incident or pattern of incidents of controlling, coercive or threatening behavior, violence or abuse between those aged 16 years old or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse:-

- Psychological
- Physical
- Sexual
- Financial
- Emotional

Controlling behavior is a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour. Coercive behavior is an act or pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish or frighten their victim”.

Children who live in households where domestic violence is taking place are seen to be highly vulnerable. There are other forms of abuse that put children at risk.

3.1.10 **Female Genital Mutilation:** This comprises all procedures that involve partial or removal of the external female genitalia or other injury to female genital organs for non-medical reasons. FGM is an extremely harmful practice and is illegal in the UK. Despite being an embedded practice in some cultures, FGM is not a matter which can be decided by personal preference.

Section 5B of the Female Genital Mutilation Act 2003 places a statutory duty upon teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence and they should not be examining pupils, but the same definition of what is meant by “discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school or college's designated safeguarding lead and involve children's social care as appropriate.

3.1.11 **“Honour-Based” Violence:** encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage and practices such as breast ironing. All forms of so called HBV are abuse (regardless of motivation) and should be handled and escalated as such.

3.1.12 **Radicalisation:** Some young people and adults at risk of harm may be vulnerable to radicalisation for the purpose of violent extremism. Concerns regarding radicalisation will be referred to Channel which is a multi-agency panel who offer guidance and support with the aim of preventing activity which could be deemed as criminal.

3.1.13 **Financial and Material Abuse:** This applies largely to adults at risk of harm and relates to circumstances where trust in relation to financial matters is abused. Includes theft, fraud, exploitation, pressure in connection with wills, property or inheritance or financial transactions or the misuse or misappropriation of property, possessions or benefits.

3.1.14 **Bullying:** While bullying between children is not a separate category of abuse and neglect, it is a very serious issue that can cause considerable anxiety and distress. At its most serious level, bullying can have a disastrous effect on a child's wellbeing and in very rare cases has been a feature in the suicide of some young people. Bullying someone because of their age, race, gender, sexual orientation disability and/or transgender will not be tolerated as the College operates a zero tolerance approach. Bullying can take many forms and includes:-

Emotional: Being excluded, tormented (eg hiding things, threatening gestures)

Physical: Pushing kicking, punching or any use of aggression and intimidation.

Racial: Racial taunts, use of racial symbols, graffiti, gestures.

Sexual: Unwanted physical contact, sexually abusive comments including homophobic comments and graffiti.

Verbal: Name calling, spreading rumours, teasing.

Cyber: All areas on internet, such as email and internet, chat room misuse, mobile threats by text message and calls. Misuse of associated technology ie camera and video facilities, sexting.

3.1.15 **Fabricated Illness:** This is also a type of physical abuse. This is where a child is presented with an illness that is fabricated by the adult carer. The carer may seek out unnecessary medical treatment or investigation. The signs may include a carer exaggerating a real illness or symptoms, complete fabrication of symptoms or inducing physical illness for example through poisoning, starvation, inappropriate diet. This may also be presented through false allegations of abuse or encouraging the child to appear disabled or ill to obtain unnecessary treatment or specialist support.

3.1.16 **Private Fostering:** Private fostering is when a child under the age of 16 (under 18 if disabled) is cared for by someone who is not a parent or close relative. This is a private arrangement made between a parent and a carer, for 28 days or more. Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts (whether of full-blood, half blood or marriage/affinity).

Although local authorities are charged with several duties, including the implementation of measures designed to strengthen private fostering notification arrangements, raising awareness of private fostering across partner agencies, ensuring that relevant training practices are developed, reviewing the findings of the annual private fostering report and responding to the findings of OFSTED inspections, all partner agencies of the LSCB, parents and private foster parents have a responsibility and duty to:-

- Ensure that privately fostered children are protected.
- Raise awareness of private fostering and the need to notify the local authority of arrangements.
- Ensure that private fostering arrangements are satisfactory and compliant with legislation.
- Ensure that the private foster parents are suitable and that appropriate advice is being given.
- Consider post 16 support for those who are no longer subject to private fostering due to their age.

In a private fostering placement, the responsibility for safeguarding and promoting the welfare of the child stays with the parent. Local authorities of LSCBs do not approve or register private foster parents. Placement cannot be prevented unless the person is disqualified or a prohibition order is imposed. The local authority cannot remove the child except under an Emergency Protection Order.

3.1.17 **Culture, Faith and Beliefs:** The number of known cases of child abuse linked to accusations of 'possession' or 'witchcraft' is small, but children involved can suffer damage to their physical and mental health, their capacity to learn, their ability to form relationships and to their self-esteem. It is likely that a proportion of this type of abuse remains unreported.

Such abuse generally occurs when a carer views a child as being 'different', attributes this difference to the child being 'possessed' or involved in 'witchcraft' and attempts to exorcise him or her.

A child could be viewed as 'different' for a variety of reasons such as disobedience, independence, bed-wetting, nightmares, illness or disability. There is often a weak bond of attachment between the carer and the child.

There are various social reasons that make a child more vulnerable to an accusation of 'possession' or 'witchcraft'. These include family stress and/or a change in the family structure.

The attempt to 'exorcise' may involve severe beating, burning, starvation, cutting or stabbing and isolation and usually occurs in the household where the child lives.

Any siblings or other children in the household may be well cared for with all their needs met by the parents and carers. The other children may have been drawn in by the adults to view the child as 'different' and may have been encouraged to participate in the adult activities.

Concerns reported in the cases known from research have involved children aged 2-14, both boys and girls and have generally been reported through schools or non-governmental organisations. The referrals usually take place at a point when the situation has escalated and become visible outside the family. This means that the child may have been subjected to serious harm for a period of time already.

The initial concerns referred have been about:

- Issues of neglect such as not being fed properly or being 'fasted', not being clothed, washed properly etc. but left to fend for themselves, especially compared to the other children in the household.
- Often the carer is not the natural parent and the family structure can be complex.
- Children often appear distressed or withdrawn.
- The child is seen as the scapegoat for a change in family circumstances for the worse.
- In a group of children it may be the child who is relatively powerless vis-à-vis the parents/carers, may be a child with no essential role in the family.
- The child is seen as someone who violates the family homes by being physically different perhaps because of illness, disability or, in some cases, a suspicion by the father of adultery by the mother.
- Child abuse linked to faith or belief may occur where a child is treated as a scapegoat for perceived failure.

3.1.18 **Multiple Needs:** Research shows that the environment in which a child lives is crucial to his or her health, safety and well-being.

The term 'Toxic Trio' has been used to describe the issues of domestic abuse, mental ill-health and substance misuse which have been identified as common features of families where harm to children has occurred. They are viewed as indicators of increased risk of harm to children and young people.

Work in this area has shown that there is a large overlap between these parental risk factors and cases of child death, serious injury and generally poorer outcomes for children across all ages (Brandon et al, 2008).

Experiencing serious, multiple disadvantage cuts across many domains and family life and families with multiple and complex needs are likely to have difficulties meeting the needs of their children and parenting effectively. Children can be at heightened risk of abuse and neglect (Cleaver et al 2007) and at high risk of adverse outcomes.

Given the predominance of families experiencing multiple and complex difficulties who become involved with child protection and the range of social and economic issues that interact with presenting problems such as

mental health concerns, family violence and substance abuse. The challenge for child protection is how to provide a holistic and contextual response to the needs of the whole family.

3.1.19 **Peer on Peer Abuse:** It should be recognized that children are capable of abusing their peers. Peer on peer abuse can be captured by four key definitions:

- The definition for domestic abuse relates to young people aged 16 and 17 who experience physical, emotional, sexual and/or financial abuse and coercive control, in their intimate relationships.
- The definition for child sexual exploitation captures young people aged under 18 who are sexually abused in the context of exploitive relationships, contexts and situations by a person of any age, including another young person.
- The definition for young people who display harmful sexual behaviour refers to any young person, under the age of 18, who demonstrates behaviour outside of their normative parameters of development.
- Serious youth violence is defined with reference to offences and captures all those of the most serious nature including murder, rape and Grievous Bodily Harm between young people under 18.

Peer on peer abuse can refer to all of these definitions.

Sexting is an example of peer on peer abuse

4. Designated Staff with Responsibility for Protection from Abuse

4.1 In all cases where allegations are made against people who may constitute part of the children's workforce, the College will consult with the Local Authority Designated Officer (LADO). S/He will offer advice regarding appropriate next steps in relation to referral and investigation and ensure that all cases are handled in accordance with safeguarding procedures. Designated staff will have on-going communications with the LADO as part of their safeguarding responsibilities to ensure that College Policies and Procedures are effective and meet the requirements of current legislation.

Members of College staff are people who are in positions of trust and therefore any behavior which may call that position into question will be communicated to the College and acted upon.

4.2 Senior staff member with Lead Responsibility: the designated senior member of staff with lead responsibility for safeguarding and child protection is Lynn Pass, Safeguarding and Inclusion Manager. The designated senior person is responsible for ensuring that:-

- Cases of suspected abuse or allegations are appropriately referred to relevant agencies.
- Identify children who may benefit from 'early help'. Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years. In the first instance staff should discuss early help requirements with the designated safeguarding lead. Staff may be required to support other agencies and professionals in an early help assessment.

Early help includes identifying emerging problems, liaising with the designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment.

If early help is appropriate, the designated safeguarding lead should support the staff member in liaising with other agencies and setting up an inter-agency assessment as appropriate.

If early help and/or other support is appropriate the case should be kept under constant review and consideration given to a referral to children's social care if the child's situation doesn't appear to be improving.

- Advice and support to staff on issues relating to safeguarding is provided.
- A record of any safeguarding referral, complaint or concern is kept (even where that concern does not lead to a referral).
- Parents/carers employers of children, young people or adults at risk of harm within the College have access to the College's Safeguarding Policy.
- There is liaison with secondary schools which send pupils to the College to ensure that appropriate arrangements are made for the pupils, to work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. College should allow access for children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct or to consider whether to conduct a section 17 or a section 47 assessment.
- Staff receive basic training in safeguarding issues and are aware of the College safeguarding procedures.
- Safer recruitment practices are in place.
- College works with appropriate partners to safeguard children, young people and adults at risk of harm.
- Fears about sharing information cannot be allowed to stand in the way of the need to promote the welfare and protect the safety of children.
- There is liaison with the nominated Governor and Principal as appropriate.
- In addition to their formal training, their knowledge and skills should be updated (for example, via e-bulletins, meeting other designated safeguarding leads or taking time to read and digest safeguarding developments), at regular intervals, but at least annually, to keep up with developments relevant to the role.

The designated senior person will ensure an annual report is provided to the College Executive setting out how the college has discharged its duties.

- 4.3 The deputy designated person(s) is/are appropriately trained and, in the absence of the designated person, carries out those functions necessary to ensure the ongoing safety and protection of students. In the event of the long-term absence of the designated person, the deputy will assume all of the functions above.
- 4.4 Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection, as set out above, remains with the designated safeguarding lead. This responsibility should not be delegated.

During term time, the designated safeguarding lead and or a deputy should always be available (during College hours) for staff in the College to discuss any safeguarding concerns. The College will arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.

- 4.5 **Designated Staff Members:** Designated members of staff with responsibility for child and adult protection issues are:-

Lynn Pass	Safeguarding and Inclusion Manager – Designated Senior Person	Room 2.209 Ext. 7760
Alex Griffin	Student Experience Director – Deputy Designated Senior Person	Room 3.102 Ext 7775
Joanne Williams	Deputy Principal – Deputy Designated Senior Person	Room 1.111 Ext. 7855

- 4.6 **Designated Governor:** Jane Chan is the College designated Governor for safeguarding. The lead Governor will have regular updates on safeguarding matters.

- 4.7 The College has appointed a designated teacher to promote the educational achievement of children who are looked after and ensure that this person is appropriately trained. This person is Alex Griffin

5. **Staff Training**

- 5.1 All staff members should receive appropriate safeguarding and child protection training which is regularly updated. In addition all staff members should receive safeguarding and child protection updates (via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- 5.2 Governing bodies should ensure that all staff members undergo safeguarding and child protection training at induction. The training should be regularly updated. Induction and training should be in line with advice from the LSCB.

6. **Safeguarding Students who are Vulnerable to Radicalisation**

- 6.1 Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and adults at risk of harm from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalize vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.
- 6.2 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make the children, young people and adults at risk of harm vulnerable to future manipulation and exploitation. Halesowen College is clear that this exploitation and radicalisation should be viewed as a safeguarding concern and that protecting children from the risk of radicalisation is part of the College's safeguarding duty.

- 6.3 With effect from July 2015 in accordance with the Counter Terrorism and Security Act the College has a responsibility to prevent people from being drawn into terrorism. Prevent is a strand of the Government counter terrorism strategy – CONTEST. The UK faces a range of terrorist threats. The Prevent Strategy aims to:-
- Respond to the ideological challenge of terrorism and aspects of extremism and the threat faced from those who promote these views.
 - Provide practical help to stop people from being drawn into terrorism and ensure they are given appropriate advice and support.
 - Work with a wide range of sectors where there are risks of radicalisation which needs to be addressed, including education, criminal justice, faith, charities, the internet, social media and health
- 6.4 The College is required to identify a Prevent Single point of contact (SPOC) who will be the lead within the organization for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism. This will normally be the Designated Senior Person. The SPOC for Halesowen College is Lynn Pass.
- 6.5 Staff of the College will be alerted to changes in a student's behavior or attitude which could indicate that they are in need of help or protection.
- 6.6 When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the SPOC.
- 6.7 **Channel** : Channel is a multi-agency approach to provide support to individuals who are at risk of being drawn into terrorist related activity. It is led by the West Midlands Police Counter-Terrorism Unit and it aims to:-
- Establish an effective multi-agency referral and intervention process to identify vulnerable individuals.
 - Safeguard individuals who might be vulnerable to being radicalized, so that they are not at risk of being drawn into terrorism related activity.
 - Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.
- 6.8 The Channel programme focusses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's participation in the programme is entirely voluntary at all stages.

See Appendix 1 for the Channel Process within FE Colleges.

7. **Safeguarding Students who are Vulnerable to Exploitation, Forced Marriage, Female Genital Mutilation or Trafficking**

- 7.1 The Safeguarding Policy above and the College's values and ethos provide the basic platform to ensure children, young people and adults at risk of harm are given the support to respect themselves and others and protect each other.
- 7.2 The College keeps updated on the latest advice and guidance provided to assist in addressing specific vulnerabilities and forms of exploitation.
- 7.3 staff are supported and trained to recognize warning signs and symptoms in relation to specific issues and include such issues in their curriculum.

- 7.4 Our safeguarding team knows where to get advice as necessary.

Reporting of Female Genital Mutilation (FGM) –

- 7.5 With effect from October 2015, Colleges are subject to mandatory reporting in respect of FGM. If a member of staff discovers that an act of FGM appears to have been carried out on a girl aged under 18, that member of staff has a statutory duty to report it to the Police.
- 7.6 When a member of staff has reasons to suspect that an act of FGM has been carried out on a student s/he will discuss the situation with the Designated Senior Person who may consult relevant agencies before a decision is made whether the mandatory reporting duty applies.

8. Children who go Missing from Education

- 8.1 A child going missing from education is a potential indicator of abuse or neglect, including sexual exploitation, FGM, forced marriage or travelling to conflict zones. College staff will be alert to these safeguarding concerns when a student goes missing for an extended period or on repeat occasions.
- 8.2 The College must notify the relevant local authority of students withdrawn from the College.

9. Students who have Communication Difficulties

- 9.1 Students with additional learning needs will be supported to be able to disclose issues using a communication method of their choice (for example, signers, communication boards).
- 9.2 Those people supporting the student will be subject to confidentiality requirements.

10. Students with Special Educational Needs and Disabilities

Children with Special Educational Needs (SEN) and disabilities can face additional safeguarding challenges.

Additional barriers can exist when recognizing abuse and neglect in this group of students. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying – without showing any signs;
- Communication barriers and difficulties in overcoming these barriers.

SAFEGUARDING PROCEDURE

Section 1 – How to deal with Suspicions/Concerns of Abuse or Neglect

- 1.1 Key things to remember if a child, young person or adult at risk of harm tells you about possible abuse:-
 - 1.1.1 Never promise confidentiality – you will have to break it and with it the person's trust in you.
 - 1.1.2 Listen carefully and stay calm – you need to listen without making assumptions or judgments.
 - 1.1.3 Do not interview the child, young person or adult at risk of harm. Question normally and without pressure and only to be sure that you understand what you have heard. Never ask leading questions or act as an investigator. Do not put words into their mouth.
 - 1.1.4 Reassure them that by telling you, they have done the right thing.
 - 1.1.5 Inform them that you must pass the information on, but that only those that need to know about it will be told. Inform them of whom you will report the matter to.
 - 1.1.6 Find out what the child, young person or adult at risk of harm would like to happen, but make them aware that you may have to act against their wishes (eg they may ask you not to disclose to anyone else).
 - 1.1.7 Note the main points carefully.
 - 1.1.8 Use the Safeguarding Report Form, if possible, to gather key information and as a record of your discussion. This is accessed on Moodle.
 - 1.1.9 Do not investigate concerns or allegations yourself, but report them immediately to a member of the safeguarding team.
- 1.2 **Procedure for Students**

There are slightly different procedures to follow for different types of student:-

- 1.2.1 Under 18 years old on programmes at main sites (students 16-17 years old).
- 1.2.2 Under 16 years old on any school linked programmes.
- 1.2.3 Under 16s who are on part time programmes that are not attached to a school – EHE.
- 1.2.4 Apprentices
- 1.2.5 Under 18 year olds in the College who are not enrolled as students – eg work placements.
- 1.2.6 Adults at risk of harm: **IF IN DOUBT – ALWAYS CONTACT A MEMBER OF THE SAFEGUARDING TEAM.**

1.3 Under 16 Year Olds on any Secondary School Roll

1.3.1 The School Liaison Director will liaise with the schools concerned and ensure appropriate arrangements are in place to safeguard children.

1.3.2 The referral must go back to the safeguarding coordinator at the school they normally attend to discuss the referral and agree actions.

1.4 Students 16-17 Years Old

Where a student aged under 18 years old divulges information or staff become concerned that the young person is at risk of abuse, the following action will be taken:-

1.4.1 Staff will advise the student that action may have to be taken as a result of the disclosure. It is not the responsibility of members of staff to investigate suspected abuse.

1.4.2 A written record of the interview will be made where possible.

1.4.3 Referral to a member of the safeguarding team will be made immediately and in person where possible.

1.4.4 Students' wishes regarding action to be taken will be noted where possible. However, the student will be made aware that this will not affect the final decision to make a referral.

1.4.5 There is no need to involve other members of staff (including line managers) as this reduces confidentiality.

1.4.6 Make the student aware of the services within the College which may be able to help them address the situation and offer support.

1.4.7 Where possible the safeguarding and Inclusion Manager will consult the student regarding the report and their wishes and inform them of action which has or will be taken. However, depending upon the circumstance, this may not always be possible.

1.4.8 Confidential records will be kept of all discussions relating to protection from abuse matters and will be stored in a confidential manner.

1.5 Apprentices

1.5.1 Workplace providers still receive a copy of the Safeguarding Policy and Procedure and information relating to their responsibility for safeguarding.

1.5.2 Placement officers/Assessors will carry out all risk assessments and include safeguarding discussion as part of workplace reviews with students.

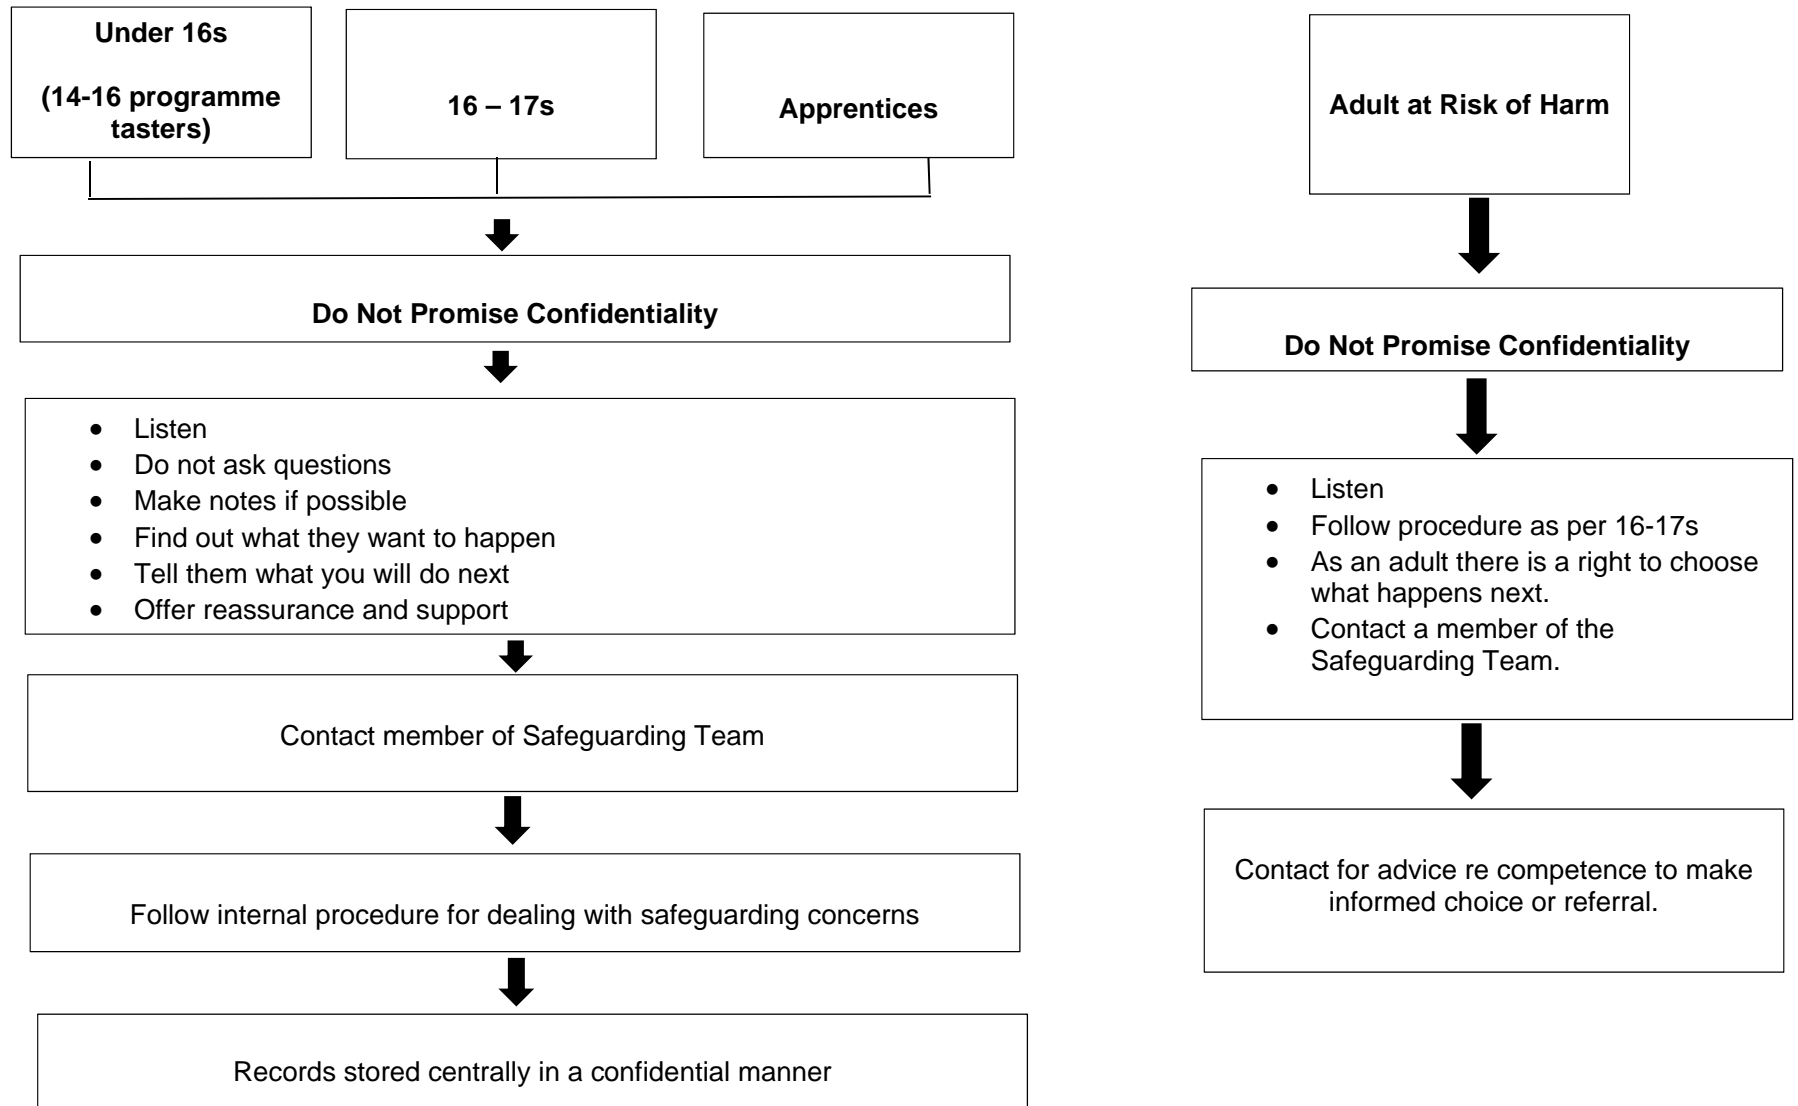

1.5.3 Apprentices will receive information relating to safe practice in the workplace and safeguarding contact details.

1.5.4 When dealing with disclosure, follow referral procedure for 1.4.1 to 1.4.8 for students aged 16-17 years old or adult at risk of harm (1.6) dependent upon their age.

1.6 **Adults at Risk of Harm**

- 1.6.1 Members of staff hearing allegations follow the procedure for 16-17 year olds. Do not promise confidentiality and explain what might happen as a result of disclosure.
- 1.6.2 The adult has a right to make their own decisions if they are competent to do so in line with the Mental Capacity Act 2005. If their competency is in doubt, contact a member of the safeguarding team for advice.
- 1.6.3 If appropriate, further advice will be sought or a referral will be made.
- 1.6.4 A report of the disclosure and any action must be recorded and the safeguarding and Inclusion Manager informed.

STUDENT SERVICES SAFEGUARDING PROCEDURE FLOWCHART

Section 2 – Reporting and Dealing with Allegations of Abuse against Members of Staff

The procedures apply to all staff, whether teaching, administrative, management or support. Allegations of abuse against a member of staff can be defined as when a person has:-

- Behaved in a way that has harmed or may have harmed a child, young person or adult at risk of harm.
- Possibly committed a criminal offence against or related to a child, young person or adult at risk of harm.
- Behaved towards a child, young person or adult at risk of harm in a way that indicated s/he is unsuitable to work with children, young people or adults at risk of harm.

2.1 Introduction

- 2.1.1 The College recognises that the welfare of the child is the paramount concern.
- 2.1.2 The College recognises that an allegation of child abuse or abuse to adults at risk of harm made against a member of staff may be made for a variety of reasons and that the facts of the allegation may or may not be true. It is imperative that those dealing with an allegation maintain an open mind and those investigations are thorough and not subject to delay.
- 2.1.3 All staff are advised that they must report worries or concerns about other members of staff through the Whistleblowing Policy.

2.2 Receiving an Allegation from a Child or Adult at Risk of Harm about a Member of Staff

- 2.2.1 A member of staff who receives an allegation about another member of staff from a child or adult at risk of harm will follow the guidelines in Section 1 for dealing with disclosure. This will ensure the child/adult needs are met.

On some occasions the concern may not arise from a direct disclosure. If observations of staff behavior give rise for concern of inappropriateness, these must be shared directly with the Designated Senior Person.

- 2.2.2 The allegation about the staff member will be reported immediately to either the Designated Senior Person or a member of College Executive/Senior Management Team (CE/SMT).
- 2.2.3 They will contact the Local Authority Designated Officer (LADO) for children under 18 or the Adult Safeguarding unit for adults at risk of harm to discuss referral and action. The LADO will be contacted within 1 working day of receiving the allegation.

Appropriate internal action will be taken to safeguard the child/vulnerable adult.

The Safeguarding and Inclusion Manager will inform the Principal (or designated person if the allegation is against the Principal or the Principal is off site) and they will provide details including information about times, dates, location and names of potential witnesses where appropriate or necessary.

2.3 Initial Assessment by the Principal (or designated person)

- 2.3.1 The Principal (or designated person) will make an initial assessment of the allegation, consulting with the LADO, Safeguarding and Inclusion Manager and the Designated Governor as appropriate. Where the allegation is considered to be either a potential criminal act or indicates that the student has suffered, is suffering or is likely to suffer significant harm, the matter will be dealt with under the relevant safeguarding children procedures or in the case of adult abuse, the Adult Safeguarding Unit.
- 2.3.2 It is important that the Principal (or designated person) does not investigate the allegation. The initial assessment will be on the basis of the information received and is a decision whether or not the allegation warrants further investigation.
- 2.3.3 Other potential outcomes are:-
- The allegation represents inappropriate behavior or poor practice by the member of staff and is neither potentially a crime nor a cause of significant harm to the child or adult at risk of harm. The matter will be addressed through professional development of mentoring or in some cases more appropriate, the College's Disciplinary Policy and Procedure.
 - The allegation can be shown to be false because the facts alleged could not possibly be true, in which case the person concerned will be reassured and supported as appropriate.

2.4 Enquiries and Investigations

- 2.4.1 Child/Adult protection enquiries by Children's Social Care, Adult Services or the Police are not to be confused with internal, disciplinary enquiries by the College. The College may be able to use the outcome of external agency enquiries as part of its own procedures.

Neither the Child Protection Agencies nor the Police have power to direct the College to act in a particular way; however, the College will always assist the agencies with their enquiries.

- 2.4.2 The College will hold in abeyance its internal enquiries which the formal Police or Children's Social Care or ASU investigation. Any internal enquiries will conform to the existing staff disciplinary procedures.
- 2.4.3 If there is an investigation by an external agency, for example, the Police, the Principal (or designated person) will normally be involved in and contribute to the inter-agency strategy discussions. The Principal (or designated person) is responsible for ensuring that the college gives every assistance with the agency's enquiries. They will ensure that the appropriate confidentiality is maintained in connection with the enquiries, in the interests of the member of staff about whom the allegation is made. The Principal (or designated person) shall advise the member of staff that s/he may consult with a recognized Trade Union representative or work companion.

- 2.4.4 Following discussion with the LADO, the ASU manager, the Police or other investigating agency, the Principal (or designated person) shall:
- Ensure that the parents/carers of the child or vulnerable adult making the allegation have been informed that the allegation has been made and what the likely process will involve.
 - Inform the member of staff against whom the allegation was made of the fact that the allegation was made. Where investigation is taking place, they will be informed of what the likely process will involve and what support may be available.
 - Inform the Designated Governor of the allegation if action is required and of the investigation.
- 2.4.5 Written records of the action taken in connection with the allegation will be kept.

2.5 **Suspension of Staff**

- 2.5.1 Suspension will not be automatic, a member of staff may be suspended on full pay whilst an investigation is undertaken. In respect of staff other than the Principal, suspension can only be carried out by the Principal or a designated member of the College Executive. In respect of the Principal, suspension can only be carried out by the Chair of Governors (or in his absence, the Vice Chair).
- 2.5.2 Where a suspension is being considered it is not a disciplinary sanction and does not involve any pre judgment. Consideration will be given to alternatives – eg paid leave of absence, agreement to refrain from attending work, change of or withdrawal from specified duties.
- 2.5.3 Suspension will only occur for a good reason, for example:
- Where there is a cause to suspect a child or adult is at risk of significant harm.
 - Where the allegations warrant investigation by the Police or potentially sufficiently serious to justify dismissal on the grounds of gross misconduct.
 - Where necessary for the good and efficient conduct of the investigation.
- 2.5.4 If suspension is being considered, the member of staff will be encouraged to seek advice and support for example from a Trade Union.
- 2.5.5 Prior to making the decision to suspend, the Principal or a designated member of the Senior Management Team or Chair (or Vice Chair of Governors) will interview the member of staff. This will occur with the approval of the LADO where possible. In particular, if the Police are engaged in an investigation, the officer in charge of the case will be consulted.
- 2.5.6 The member of staff will be advised to seek the advice and/or assistance of his/her Trade Union and will be informed that they have the right to be accompanied by a representative of a recognised Trade Union or a workplace colleague. The member of staff will be informed that an allegation has been made. It will be made clear that the interview is not a formal disciplinary hearing but solely for raising a serious matter which may lead to further

investigation. It may be considered at this time to suspend the member of staff.

- 2.5.7 During the interview, the member of staff will be given as much information as possible, in particular the reasons for any proposed suspension, provided that doing so would not interfere with the investigation into the allegation. The member of staff will be given the opportunity to consider any information given to him/her at the meeting and prepare a response.
- 2.5.8 If the Principal (or Deputy Principal or Designated Governor) considers that suspension is necessary, the member of staff shall be informed that s/he is suspended from duty. Written confirmation of the suspension, with reasons, shall be dispatched as soon as possible and ideally within five working days.
- 2.5.9 Where a member of staff is suspended, the Principal (or Designated Governor) will address the following issues:
- The Chair of Governors will be informed of the suspension
 - The Governing Body will receive a report if a senior member of staff has been suspended pending investigation. The detail given to the Governing Body will be minimal.
 - Where the Principal has been suspended, the Chair or Vice Chair of Governors will need to take action to address the management of the College.
 - The parents/carers of the child or adult making the allegation will be informed of the suspension.
- 2.5.10 Senior staff that need to know of the reason for suspension will be informed.
- 2.5.11 The Principal shall consider carefully and review the decisions as to who is informed of the suspension and investigation. The LADO and external investigating authorities will be consulted.
- 2.5.12 The suspended member of staff will be given appropriate support during the period of suspension. They will also be provided with information on progress and developments in the case at regular intervals with approval of LADO and the police.
- 2.5.13 The suspension will remain under review in accordance with the College Disciplinary Procedures.
- 2.5.14 Where suspension is instigated and or something that could result in dismissal for misconduct which harmed a child or placed a child at risk, the College will refer them to the Disclosure and Barring Service (DBS). Referral to DBS also applies to action taken in relation to adults at risk of harm.
- 2.5.15 Where an individual is dismissed for misconduct which harmed a child or placed a child at risk of harm or resigns, retires, is made redundant or is transferred to a position which is not a child care position in such circumstances, Halesowen College has a statutory duty to refer to the DBS.
- 2.5.16 If a person is subject to registration or regulation by a professional body or regulator, for example, by the Health and Care Professions Council, OFSTED etc, the LADO will advise on whether a referral to that body is appropriate.

2.5.17 If it is decided that a member of staff who has been suspended from work can return, the college will facilitate their return to work and consider how the member of staff's contract with the child or children who made the allegation can be best managed. The DBS will be notified that the suspension has been lifted.

2.6 The Disciplinary Investigation

2.6.1 The disciplinary investigation will be conducted in accordance with the existing College Disciplinary Policy and Procedure.

2.6.2 The member of staff will be informed of:-

- The disciplinary allegation against him/her
- His/her entitlement to be represented by a Trade Union representative or work companion.
- The College's awareness of the personal impact the allegation may have and the support the College is able to offer for example, counselling.

2.6.3 Where the member of staff has been suspended and no disciplinary action is to be taken, the suspension will be lifted immediately and arrangements made for the member of staff to return to work.

2.6.4 The child, children or adult at risk of harm, making the allegation, and/or parent will be informed of the outcome of the investigation and proceedings. This will occur prior to the return to College of the member of staff (if suspended).

2.7 Allegations without Foundation

2.7.1 False allegations may be indicative of problems of abuse elsewhere. A record will be kept and consideration given to a referral to Children's Services, Social Care in order that other agencies may act upon the information.

2.7.2 In consultation with the Designated Senior Person or designated Governor, the Principal shall:-

- Inform the member of staff against whom the allegation is made orally and in writing that no further action will be taken.
- Reassure them of the College's understanding of the personal impact that false allegations may have and the support the College will continue to offer.
- Inform the parents/carers of the alleged victim that the allegation has been made and of the outcome.
- Where the allegation was made by a child/adult at risk of harm other than the alleged victim, consideration to be given to informing the parents/carers of that child/adult at risk of harm.
- Prepare a report outlining the allegation and giving reasons for the conclusion that it had no foundation and confirming that the above action had been taken.
- Remove allegations from member of staff's personal file.

2.8 **Records**

- 2.8.1 Documents relating to an investigation will be retained in a secure place, together with a written record of the outcome and, if disciplinary action is taken, details will be retained on the member of staff's personal and confidential file.
- 2.8.2 If a member of staff is dismissed or resigns before the disciplinary process is completed, s/he will be informed about the College's statutory duty to inform the DBS.

2.9 **Recruitment and Selection**

- 2.9.1 Halesowen College aims to recruit and develop skilled and motivated staff who will deliver an outstanding service to the local community. An effective recruitment and selection process is a major contributor to this aim. Halesowen College is committed to safeguarding and promoting the welfare of children and adults at the risk of harm and expect its staff to share this commitment.
- 2.9.2 The Disclosure and Barring Service (DBS) was introduced on 1 December 2012 through the Safeguarding Vulnerable Groups Act 2006 and Protection of Freedoms Act 2012. Its purpose is to reduce the risk of harm to children and vulnerable adults.
- 2.9.3 The DBS scheme defines the type of work- regulated activity. The defined roles stated within the DBS policy, which are carried out by staff at Halesowen College will meet the definition of regulated activity and our practices must comply with the legislation.
- 2.9.4 The barred list checks are an additional safeguarding check and part of a wider framework of safer recruitment practices. It enables the increased monitoring and review of criminal record related information and intelligence. It does not remove the need for DBS disclosures, nor does it remove the need to develop and apply robust recruitment procedures, including identity checking, qualifications and references and enquiring into career history.
- 2.9.5 The Safeguarding Children and Safer Recruitment in Education Guidance recommends that in addition to the various staff records which are kept as part of normal business, College must also keep and maintain a single central record of recruitment and vetting checks. The College's Single Central Record (SCR) is run and stored with Human Resources.

Section 4 – Safer Recruitment Training

- 4.1 All staff who participate in the recruitment process are required by the College to undergo recruitment and selection process training. In addition, every interview panel must have at least one member who has received safer Recruitment Training. Both are arranged by Human Resources.

Refresher training is available and all staff will be expected to keep themselves up to date with current practice.

- 4.2 Whilst it is a criminal offence to knowingly employ someone who is barred from working with children or adults at risk of harm in regulated activity, it is possible to allow such a person to work in controlled activity, subject to specific safeguards being in place.

The decision whether to employ in controlled activity someone who is barred from working with children or adults at risk of harm in regulated activity will be made after Human Resources completes the appropriate risk assessment form and consults with the Principal.

If the applicant has already declared on their application form or during interview that they are barred from working in regulated activity, or the subsequent pre-employment checks reveal this to be the case, the individual must not be allowed to start employment until the decision has been made. To do so, is a criminal offence.

4.3 **Recruitment and Selection Process** - The College's Safer Recruitment and Selection process applies to all staff and volunteers who may work with children, young people and adults at risk of harm.

Vacancies are advertised widely in order to ensure a diversity of applicants and make clear the requirements for DBS checks. The post or role will be clearly defined and the job offers will be made subject to satisfactory completion of pre-employment checks which include:

- Receipt of two satisfactory written references provided by past employers, one of which must be from the present or most recent employer.
- Verification of identity and the provision of original documentation as required by the DBS.
- DBS checks are sought on appointment and updated every 3 years as appropriate.
- A clear check against the DBS Barred Children's List, if applicants are working in regulated activity.
- A variety of selection techniques (for example, qualifications, previous experience and interview are also used).

The College's interview process includes a specific question relating to safeguarding.

If previously non-disclosed and criminal/police information is identified by the DBS disclosure, a member of Human Resources will discuss this with the person seeking the position, before discussing with the Principal, to determine whether withdrawing the conditional offer of employment is necessary.

For overseas appointees, additional checks will be made against criminal records information from countries where the individual has lived or worked.

If a candidate is to be employed in regulated activity, but is not currently working, checks will be made, including a full reference, with the School, FE College or Local Authority at which they were most recently employed, to confirm details of their employment and reason for leaving and if there were any safeguarding issues. All required checks will be held by the Human Resources Department in a Single Central Record (SCR).

5. **Staff Training** – New staff and Governors will receive training during induction. All staff, including the Principal and Governors will receive training that is updated at least every three years and the DSP will receive training updated at least every two years, including training in the inter-agency procedures.
6. **Site Security** – Visitors to the College, including contractors, are required to sign in and given a badge, which confirms they have permission to be on site. Parents who

are simply delivering or collecting their children do not need to sign in. All visitors are expected to observe the College's Safeguarding and Health and Safety regulations to ensure children in College are kept safe.

7. **Extended College and Off Site Arrangements** - where extended College activities are provided by and managed by the College, our own Child Protection Policy and Procedures apply. If other organisations provide services or activities on our site, we will check that they have appropriate procedures in place, including safer recruitment procedures.

When students attend off-site activities, including day and residential visits and work –related activities, we will check that effective child protection arrangements are in place.

8. **Photography and images** – To protect students, we will:

- Seek their consent for photographs to be taken or published (for example, on our website or in newspapers and publications).
- Ensure students are appropriately dressed.
- Encourage students to tell us if they are worried about any photographs that are taken of them.

9. **Online Safety** –The College's E-safety Policy explains how we aim to keep students safe in College. Cyber-bullying by students, via texts, emails, sexting and sharing indecent images will be treated as seriously as any other type of bullying and will be managed through the College anti-bullying procedures.

Chat rooms and social networking sites are more obvious sources of inappropriate and harmful behaviour. Any inappropriate behaviour towards other students attending this College will be managed through the disciplinary system.

As the College increasingly works online, it is essential that students are safeguarded from potentially harmful and inappropriate online material. As such, appropriate filters and monitoring systems are in place.

The College has a whole College approach to online safety which includes a clear policy on the use of mobile technology in the College. It is acknowledged, however, that whilst it is essential to ensure that appropriate filters and monitoring systems are in place, it is also important that 'over blocking' does not lead to unreasonable restrictions to what children/students can be taught with regards to online teaching and safeguarding.

The College will ensure that online safety is included in lessons and students are taught about safeguarding, including online, through teaching and learning opportunities, as part of a broad and balanced curriculum. This may include covering relevant issues through tutorials.

APPENDIX 1

GUIDANCE ON PREVENT AND THE CHANNEL PROGRAMME

What is Prevent?

Prevent is the Government's strategy to stop people becoming involved in violent extremism or supporting terrorism, in all its forms. Prevent works within the non-criminal space, using early engagement to encourage individuals and communities to challenge violent extremist ideologies and behaviours.

What is Channel?

Channel is an early intervention multi-agency process designed to safeguard vulnerable people from being drawn into violent extremist or terrorist behavior. Channel works in a similar way to existing safeguarding partnerships aimed at protecting vulnerable people.

What does Channel Work with?

Channel is designed to work individuals of any age who are at risk of being exploited by extremist or terrorist ideologues. The process is shaped around the circumstances of each person and can provide support for any form of radicalisation or personal vulnerabilities.

How does Channel Work?

Each Channel Panel is chaired by a local authority and brings together a range of multi-agency partners to

collectively assess the risk and can decide whether a support package is needed.

The group may include statutory and non-statutory partners, as well as lead safeguarding professionals. If the group feels the person would be suitable for Channel, it will look to develop a package of support that is bespoke to the person. The partnership approach ensure those with specific knowledge and expertise around the vulnerabilities of those at risk are able to work together to provide the best support.

What does Channel Support look like?

Channel interventions are delivered through local partners and specialist agencies. The support may focus on a person's vulnerabilities around health, education, employment or housing, as well as specialist mentoring or faith guidance and broader diversionary activities such as sport. Each support package is tailored to the person and their particular circumstances.

How will the person be involved in this process?

A person will always be informed first if it's felt that they would benefit from

Channel support. The process is voluntary and their consent would be needed before taking part in the process. This process is managed carefully by the Channel Panel.

Who can make a referral?

Anyone can make a referral. Referrals come from a wide range of partners including education, health, youth offending teams, police and social services.

What happens with the Referral?

Referrals are first screened for suitability through a preliminary assessment by the Channel coordinator and the local authority, if suitable, the case is then discussed at a Channel panel of relevant partners to decide if support is necessary.

Raising a Concern

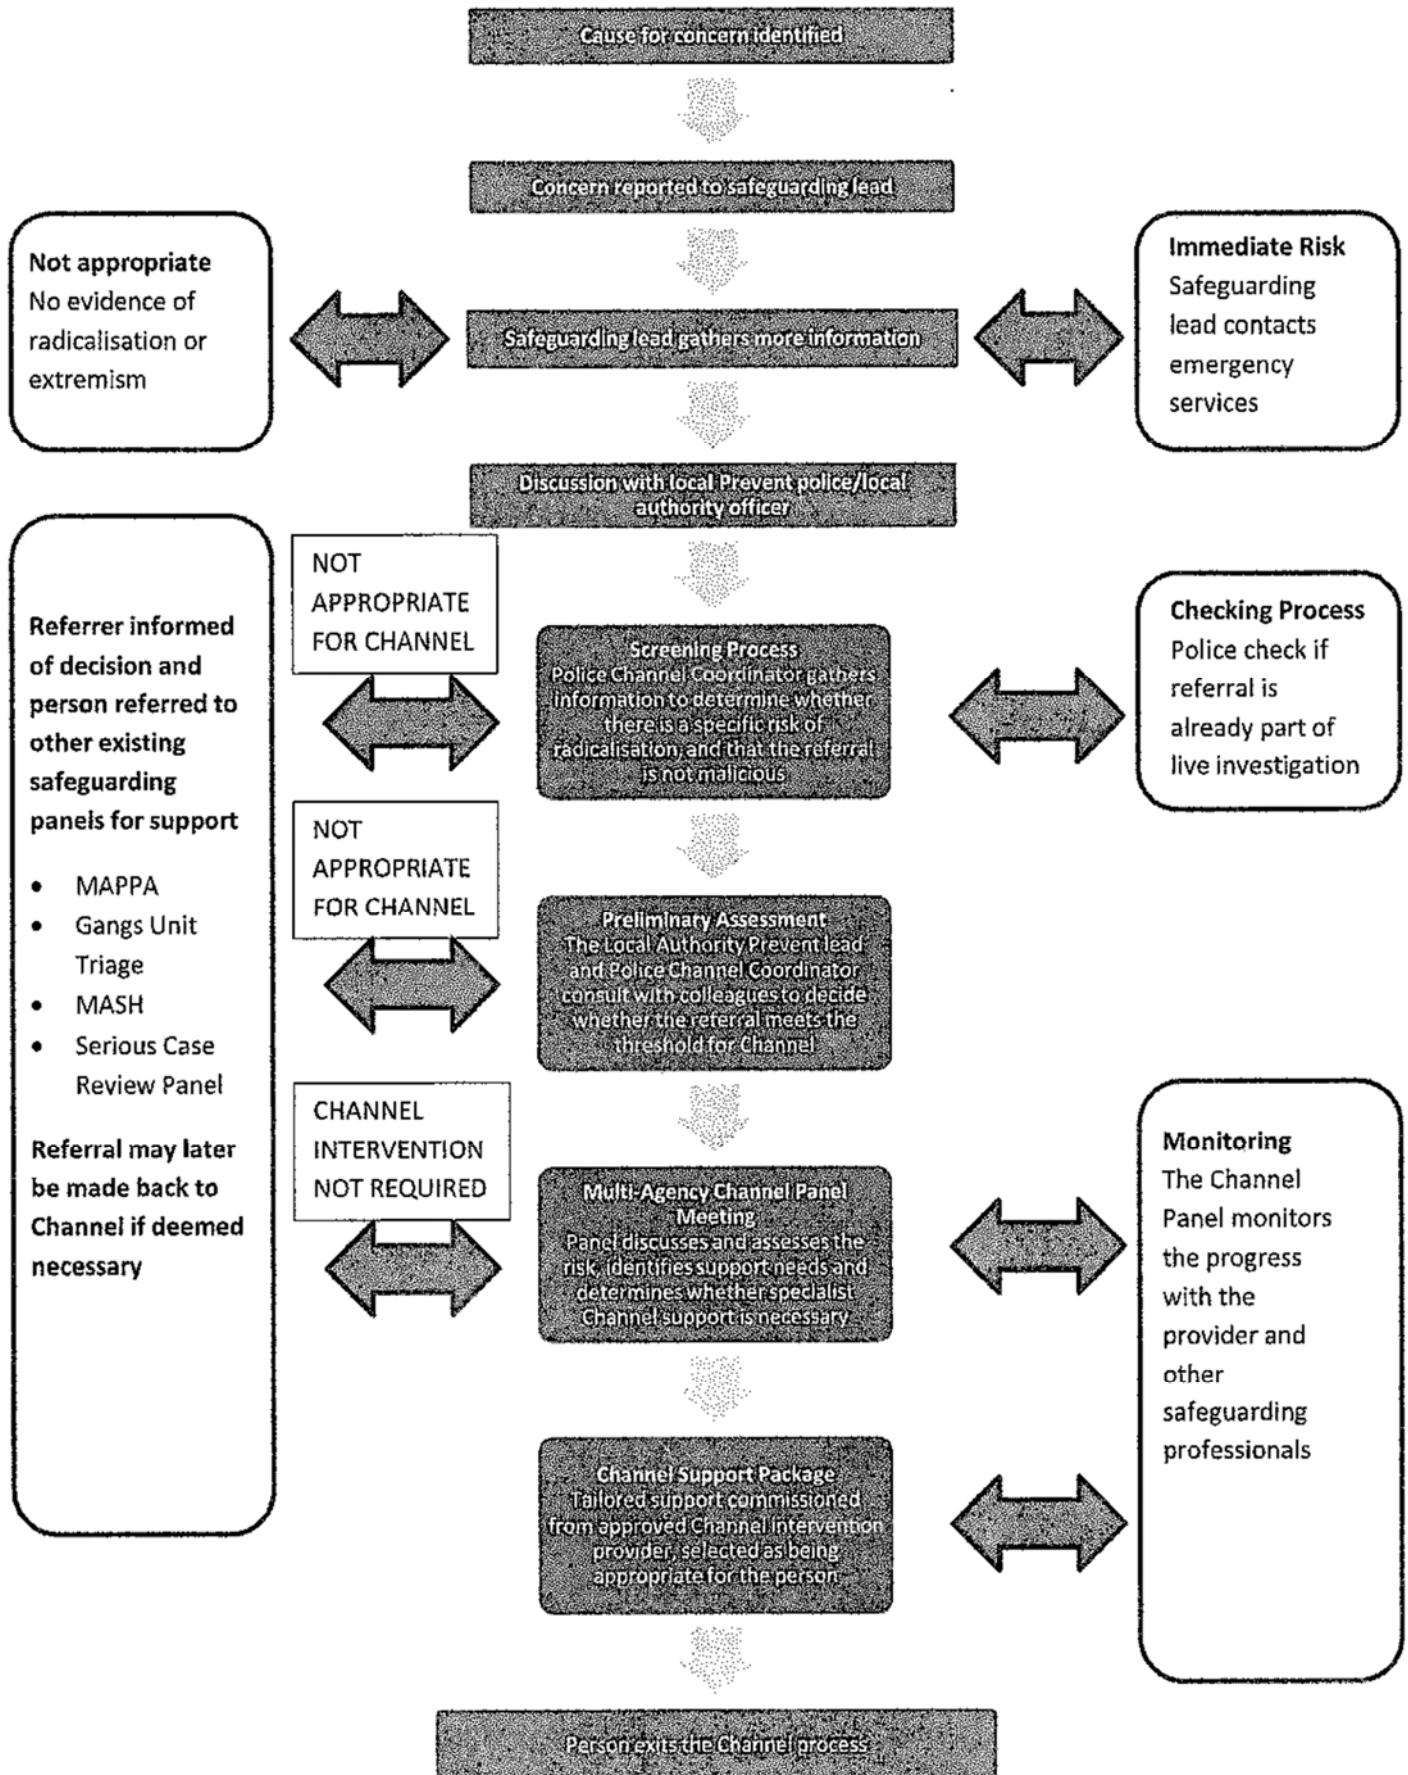

If you believe that someone is vulnerable to being exploited or radicalized, please use the established safeguarding duty or care procedures within your organisation to escalate your concerns to the appropriate leads, who can raise concerns to Channel if appropriate

For referrals to Channel for more information around the process, in the first instance contact your local Prevent Coordinator.

If you don't have a local authority coordinator or would like specific FE.HE guidance, please contact:-

john.hodt@dudley.gov.uk or Telephone: 01384 81473
